

A hand-drawn sketch of a mobile application login page. The page is enclosed in a rounded rectangle representing a phone screen. At the top, there is a status bar with a Wi-Fi icon, signal strength bars, a battery icon, and the time '11:53'. Below the status bar is a header box containing the text 'Infonech Software'. The main content area contains a 'Username' label followed by a text input field, a 'Password' label followed by a text input field, a 'Sign In' button with a right-pointing arrow, and two links: 'New Registration' and 'Forgot Password', both with right-pointing arrows. The bottom of the screen has a home indicator bar.
